I understand that PROJECT CONNECT cares about students and provides a special service to enhance my chances of employability in the Shipping Industry. PROJECT CONNECT offers opportunities of WORK-STUDY Programs that add value, *under the training of professional executives that currently run Shipping companies.*

This service includes a 30 min registration interview with a PC Rep/Mentor, guidance on Curriculum Vitae (CV) and all about working in shipping companies. I will receive a "MY SHIPPING CAREER" Students Tool Kit (useful work tips & Admin tools). Down the road, there will be opportunities to attend networking events & self-development webinars/seminars.

*I fully understand PROJECT CONNECT cannot guarantee positions, internships, and jobs in a company, as it is not a recruitment office, nor is it its responsibility.*

My responsibility is to follow the guidance tips, procedures and communicate any updates, for my goal to be achieved. The registration period is until I graduate. All communication to be in English since the universal language in Shipping is English.

The registration amount of € 30, in the form of a donation, is for processing my registration.

I consent my CV to be distributed and uploaded on the PC Online CV DATABASE for the Shipping member network to make a potential selection.

**I FULLY UNDERSTAND & ACCEPT THE ABOVE TERMS (sign):** \_\_\_\_\_

Send this completed form and any communication to [bridge@project-connect.gr](mailto:bridge@project-connect.gr)
